Historically, hunters in Alberta and Saskatchewan have lacked a dedicated platform to interact with gear manufacturers. Existing regional shows prioritize outfitters and recreational vehicles, leaving a critical "gear gap" for hunters looking to upgrade their technical equipment.

The Alberta Saskatchewan Waterfowl / Hunting Expo changes that. We are the first regional event to prioritize the retail and gear experience, bringing the industry's newest innovations directly to the hunters who use them. This is more than a trade show; it is the prairies' only dedicated destination for sportsmen to touch, feel, and purchase the season's newest tech. Even boasting a shotgun shooting range where consumers are able to test the newest shotguns with retailer and manufacturer reps.
